Strikers At St. Petersburg and Moscow Under Control.

SITUATION IN OTHER CITIES

Several Newspapers Have Appeared and the Feeling Is Somewhat Calmer—Authorities Say They Now Control the Situation.

St. Petersburg, Jan. 26.—12:05 p. m.—The aspect of the city is almost normal this morning and the feeling is decidedly calmer.

Several newspapers have appeared on the streets.

The authorities are following up the proclamation of last night and are doing everything possible to quiet the populace. They withdrew the troops from the streets during the night and not a soldier was in sight in the center of the city this morning. In accordance with the promise to protect all workmen who would return to work, however, patrols still encircled the big establishments. Moreover, in order to restore confidence in the situation, by direction of the police the owners of stores took down the boards which they had nailed over their windows and doors in anticipation of riotous attacks, giving heed to the order guaranteeing them against pillage. The full effect of the proclamation has not yet developed, although early reports indicate that some of the men returned to work this morning.

Several of the smaller establishments are reported to have resumed business short handed. Knowlegde of the existence of the proclamation was not general among the workmen until they read it on the bulletin boards, where many of them angrily turned away muttering refusals to listen to the government's promises. Others appeared to hesitate regarding what course to pursue. The workmen appear to lack leadership. If, as the authorities believe, the majority of the workmen resume work, the strike movement will be broken and then the only thing feared is a recrudescence of bomb throwing. The government is also encouraged by the comparative quiet at Moscow yesterday and they hope no serious trouble will occur there.

Proclamation at Moscow.

Moscow, Jan. 26.—11 a. m.—A curtain of fog hangs over the city this morning and the countless domes and minarets of Moscow are dulled by hoar frost and barely distinguishable in the gloom. The enormous pile of the Kremlin is dimly silhuetted against the sun's dull red orb. The streets are again almost deserted. All those who enter the Kremlin are subjects to scrutiny by a host of police, but there are not many troops inside the walls, the natural strength of which are sufficient to insure the safety of the occupants. Grand Duke Sergius, the former governor general of Moscow, and his family, are occupying the little Nicholas palace.

The garrison remains on the outskirts of the city.

There has been no trouble up to this hour.

The strike has embraced a majority of the printing establishments.

A proclamation of the prefect of Moscow has been posted at the street corners as follows:

"Under the influences of the threats of evil-disposed persons of the strike was broken out. I, therefore, deem it my duty to notify the working people that energetic measures have been taken for their protection against violence. Workmen wishing to resume their occupation can do so with impunity."

Work has been suspended at several of the small railroad shops. Water works, electric light works and gas works are guarded by the troops and since the attempt of a large body of strikers to interfere with the employes of the gas works was frustrated.

Kiev, Jan. 27.—The workmen here have decided to leave the factories and mills by the more militant factions of the strikers. Telegraph lines and telephone wires have been damaged.

A strike has also begun at the wire works. Men singing songs and blowing trumpets went from factory to factory calling out the workers. Some of the mills are still working.

Saratoff, Jan. 27.—All the printers have struck. The men on the railroad have joined in the movement. There has been no rioting thus far.

BRYAN AND PARKER CONFER.

Western Democrat Predicts an Internal Change in Parties.

New York, Jan. 27.—A conference lasting three hours has been held here between William J. Bryan and Alton Parker. The meeting is stated to have been arranged by Norman E. J. Mack, of Buffalo, a member of the Democratic national committee. It is stated by the Herald that Mr. Bryan made his views quite plain and expressed the view that the west and south must have the dominant voices in the management of the Democratic national interests. He predicted that within a few years there will be great internal changes in both party organization and men who now call themselves Democrats will come out openly as Republicans while professed Republicans will declare themselves Democrats; that the new strength for the Democratic party will come from the western while the new Republicans will appear in the eastern states. That the trust question will overshadow everything in the next campaign.

There was no discussion of any financial questions.

DRIVEN FROM HOMES BY FIRE.

Fire in New York Hustles 150 People Out of Warm Houses.

New York, Jan. 27.—With the temperature at zero and the wind at 40 miles an hour and a driving sharp fine snow, 150 persons were driven from their homes early today by a fire which threatened to destroy whole blocks of tenement houses, broke out this morning.

The occupants were rescued by volunteers, while the firemen were struggling through immense drifts of snow which made the street almost impassable. Although no lives were lost, many persons were forced to flee in their night clothing, suffered serevely from exposure in the terrible weather, and it is feared that some of them may not survive. Several are now in hospitals suffering from the shock and hysteria.

The fire was subdued after six double three-story tenement houses had been destroyed. The financial loss is placed at $100,000.

MRS. CHADWICK A BANKRUPT.

Trustee Will Be Elected to Take Charge of Property.

Cleveland, O., Jan. 27.—Mrs. Cassie L. Chadwick has been formally adjudged a bankrupt in the United States district court by default. She failed to file an answer within the legal time limit to the bankruptcy proceedings brought against her some time since.

As a result of the court's action today the creditors will meet and elect a trustee to take charge of her property until it shall be sold. Mrs. Chadwick has been ordered to file a list of all her creditors, together with a schedule of her assets and liabilities within 10 days.

Notwithstanding the positive statement of Attorney J. P. Dawley, several days ago, that bondsmen had been found for Mrs. Chadwick, bail has not been offered and the woman remains in the county jail.

Prominent Chicagoan Dead.

Chicago, Jan. 27.—Oleo Thorpe, a member of the Chicago board of education and head of the board of trade firm of Oleo Thorpe & Co., exporters, is dead, aged 48 years. He was the first man to send a boat from Chicago to Europe with merchandise. Mr. Thorpe attempted to establish a steamer line direct to Norway, but the scheme was a failure. King Oscar granted him a Knight of the Norwegian Order of St. Olaf.

COUNTRY STILL IN CLASP OF BLIZZARD

Zero Weather Prevails Over Part of United States.

MUCH SUFFERING IS REPORTED

Indications Are That It Will Get Colder—Reports from All Sections Show that Traffic and Business Is Almost at a Standstill.

Washington, Jan. 27.—The Atlantic coast storm, according to reports to the weather bureau, has moved more rapidly since Wednesday morning, and is now central south of Nova Scotia. The great wave of high pressuree in the interior is entirely giving way, although the temperatures are still decidedly below the season average east of the Rocky mountains. The weather will continue fair and cold tonight and tomorrow in the east and south.

On the middle Atlantic coast the winds will be high, northwest, diminishing northwest to north. Storm warnings are displayed on the Atlantic coast from Wilmington to Eastport. The temperature at Jacksonville, Fla., was 16; at Tampa 22, and at Jupiter 24 degrees. The line of freezing temperature doubtless extends to the 26th parallel. A severe norther is in progress over Cuba.

New York, Jan. 27.—Clearing weather which filled the great storm of yesterday brought New York the coldest day is has experienced in many years.

During the early hours of the morning the mercury reached the zero mark, and at eight o'clock this forenoon it stood at two degrees above. Terrible suffering is reported among the poor of the city. Thousands have insufficient heat, food or clothing.

Charitable institutions where free lodging is given the homeless, was packed during the night. All lines of transportation had been unable to make their usual schedules early today.

Boston, Jan. 27.—Boston is slowly recovering today from the effects of yesterday's great storm. The streets were piled high with snow, which thousands of men were working hard to remove. The mercury early today registered 5 above zero. There was much suffering from exposure which was the direct cause of two deaths in the city. Reports from coast points this morning showed that the storm at sea was continuing unabated. The blinding snow prevented observations seaward.

Baltimore, Jan. 27.—Bitter cold here continues to be intensely cold, the thermometer marking 4 degrees above zero. All the incoming trains due today were late, some of the trains from New York and other points being as much as seven or eight hours behind their regular schedule time. Navigation on the Chesapeake bay has been seriously interfered with, but there has been no fatal accidents.

Philadelphia, Jan. 27.—Bitter cold weather today followed the snowstorm of yesterday. The weather bureau's thermometer registered 6 degrees above zero this morning.

To Dredge Tennessee River.

Huntsville, Ala., Jan. 27.—Congressman William Richardson writes from Washington that he has secured an appropriation of $15,000 from the government to dredge the Tennessee river between Hobbs island and Guntersville, to remove sand bars and deepen the channel in the hope that railway transfer boats operated by the Nasville, Chattanooga and St. Louis railroad can hereafter operate during a low water spell.

New Trial Denied McCue.

Richmond, Va., Jan. 27.—The supreme court of appeals has denied the supplementary appeal in the appeal of ex-Mayor McCue, of Charlottesville, convicted of wife murder. He was sentenced to be hanged Jan. 29, and was respited by Governor Montague until Feb. 10.

CENSUS BUREAU COTTON REPORT

Figures Given Out in Response to a Request of Cotton Convention.

Washington, Jan. 27.—In compliance with the request of the cotton growers' convention now in session at New Orleans, the census bureau today issued the following preliminary report on cotton ginning:

Two hundred and fifteen counties out of 812 showing cotton ginned to Jan. 16, report 3,094,476 running bales this year, against 2,349,178 in same counties at the same date last year.

Counting round as half bales, the number is 3,064,551 this year, against 2,266,217 last year. The counties returned have reported 201,520 bales ginned to Jan. 16, 1905, in excess of the quantity returned as ginned by them to Dec. 13, 1904.

The state distribution is as follows: Alabama, 23 counties, 523,316 bales; Arkansas, 15 counties, 146,896 bales; Florida, 9 counties, 33,510 bales; Georgia, 45 counties, 574,918 bales; Indian Territory, 2 counties, 29,056 bales; Louisiana, 13 counties, 233,915 bales; Mississippi, 14 counties, 246,815 bales; North Carolina, 27 counties, 247,903 bales, Oklahoma, 2 counties, 16,984 bales, South Carolina, 19 counties, 485,- bales; Tennessee, 14 counties, 121,- 967 bales; Texas, 24 counties, 387,133 bales; Missouri and Virginia, 8 counties, 46,169 bales.

In these counties 284 ginners have refused reports, and the quantities previously returned to them have brought forward for this report without any addition.

COMMEND PRESIDENT'S COURSE

For His Attitude on Regulation of Railroad Rates.

Jackson, Miss., Jan. 27.—The Jackson board of trade has passed strong resolutions commending the attitude of President Roosevelt on the regulation of railroad rates and has asked Mississippi senators and representatives to vote for a bill looking to this end.

Federal Clerk Moseley today summoned Congressman Kitchens, of North Carolina, Robert M. Fulton, acting postoffice inspector for the St Louis, Mo., district, and Harry Skinner, United States district attorney of Raleigh, N. C., to appear here on Feb 2, when the commiting trial of M. L. Reddoch, charged with subordination of perjury, in connection with an investigation he conducted for the department of justice last summer which related to Congressman Kitchen, of North Carolina, and which was found to be groundless.

MAY PROVE TO BE HATCH.

Man of Many Names May Be Notorious Woman Murderer.

Chicago, Jan. 27—Belief that Johann Hoch, the man of many names, may prove to be the elusive and mysterious Edward Hatch, accomplice of H. H. Holmes, the notorious woman murderer, whose crime created much excitement all over the United States and Canada in 1895, has led the police to begin an investigation along that line.

At the time Holmes made his confessions when in prison at Philadelphia before his execution, Hatch was generally regarded by the police as a mythical character, invented by Holmes, but since that time there have been revelations which are almost convincing that there was a man named Hatch who did operate with Holmes in his swindles and who aided him in making way with the lives of the women and childrens whom he murdered.

NEWS FROM NATIONAL CAPITAL

Money Appropriated to Conduct Trial of Judge Swayne.

Washington, Jan. 27.—Immediately after convening today the house adopted a joint resolution appropriating $10,000 to defray the expenses of the senate in conducting the trial of Judge Charles Swayne, after which the agricultural appropriation bill was taken up in committee of the whole, Mr. Curry (N. H.) in the chair.

In accordance with yesterday's adjournment resolution, the senate did not convene until 1 o'clock today. At that hour there were only an even dozen senators present, but routine business was proceeded with.

MANY INTERESTING ADDRESSES

Endorse Movement to Give Interstate Commerce Commission More Power in Regard to Establishing Better Freight Rates.

New Orleans, Jan. 27—With its most vital work already performed the Southern Interstate Cotton convention met today to receive and act upon conditional reports of its committees elaborating its plans to solve the cotton problem. A warm fight has been in progress since the opening of the convention in joint organization on the plan of permanent organization which is to carry into effect the work of the convention, but the expectation early today was that the differences would be reconciled in order that there might be no disturbance of the perfect harmony which has characterized the proceedings of the convention.

President Jordan again presided over the convention at the forenoon session. Commissioner of Agriculture R. R. Poole, of Alabama, as chairman, presented the report of the committee on statistics. It suggested that every state commissioner be placed in a position to secure a complete return of all gins operated in his state, and its entire number of bales ginned of the crop of 1904 and 1905, and be in a position to furnish this information twice a month during September, October, November and December, 1905, and monthly to March inclusive.

The committee approved the methods of the National Ginners' association as the quickest and most feasible way of getting out reports. The state legislatures are asked to make ample provision to enable their commissioners to carry out these ideas.

Former Senator John Lowndes McLaurin, of South Carolina, heartily approved the reduction of acreage and fertilizers, and urging "all owners of cotton to hold it until the government report on acreage shows to the world that southern cotton farmers stand solidly together, that they have complied with their agreement and demanded the value of their product."

A number of addresses were delivered at the forenoon session. Commissioner R. R. Poole, of Montgomery, Ala., president of the Association of Southern Commissioners of Agriculture, discussed "The Gathering of Cotton Statistics by Southern Commissioners of Agriculture." Mr. L. P. Hillyer, of Macon, Ga., spoke on "Southern Bankers' Financing the Southern Cotton Crop." Hon. E. D. Smith, of Magnolia, S. C., president of the South Carolina Cotton Growers' association, touched on the cotton growers' relation to the business world. T. B. Parker, secretary of the North Carolina Farmers' alliance, addressed himself to the agricultural situation in the south.

The committee on acreage at the convention reported in favor of a reduction from 1904 of 25 per cent in acreage and 25 per cent in the use of commercial fertilizers.

The following resolution, reported by Chairman Callaway, of Georgia, for the transportation committee, was unanimously adopted, and on motion of Mr. Johnson, of Georgia, copies of it were ordered to be sent to the southern senators and President Roosevelt:

"Be it resolved, That we endorse the movement on foot to endow the interstate commerce committee with full and complete control over such discriminations and abuses; with power to enforce their findings, and request all southern senators and commissioners to support and aid in the passage of these in every way possible.

Cane Growers in Session.

Montgomery, Ala., Jan. 27.—The third annual convention of the interstate sugar cane growers' association opened here today with delegates present from South Carolina, Georgia, Florida, Alabama, Mississippi and Louisiana.

HIGH SPRINGS HAS ANOTHER BIG FIRE

Summers Bros'. Store and Two Residences Consumed.

THE LOSS WAS QUITE HEAVY

It Was Partially Covered by Insurance, But Considerable Inconvenience Will be Experienced—Summers Will Immediately Resume Business.

High Springs has been visited by another fire which was almost as disastrous as the conflagration of a few days ago. This resulted in the loss of the building and a great deal of the valuable stock of the Summers Furniture Company, the residence owned by Dr. Wm. Sutherland and occupied by the families of H. McL. Grady and John Sauls, and the residence owned and occupied by Mr. and Mrs. Frank G. Howard. The loss will aggregate between $6,000 and $7,000.

The fire originated in the house occupied by the Grady and Sauls families, though the cause has not yet been ascertained. The flames were not discovered until under good headway, and despite the efforts of those who were attracted to the scene, continued in their fury until the entire building was enveloped in flames.

From this residence the fire spread to the home of Mr. Howard. It was soon a mass of seething flames which licked into the air. Soon the building owned by Summers Bros. and occupied by them as a furniture and grocery store was ignited, and in a short while was reduced to ashes.

It is said that the building owned by Dr. Sutherland was valued at about $900, with insurance of $500. There was no insurance on the furniture, which was valued at $1,000. The residence of Mr. Howard was worth $1,000, and was insured for $600. The furniture was also covered by insurance.

When it was evident that the Summers building and stock would be destroyed a force of volunteers began moving what stock they could get from the store. The company carried about $5,000, and a great deal of the stock was saved, but was damaged by fire, breakage and water. The loss on this stock is covered by insurance. The building, which was a large frame structure, was valued at $1,200 and insured for $900.

With commendable enterprise Summers Bros. began Friday an addition to their warehouse, which was saved, and will resume business immediately. It was a miracle that the warehouse was saved, as the distance from this building to the main store which was destroyed is not more than fifty feet, and the heat was so intense that it brought the resin from the rich pine boards.

Summers Bros. have just sustained a heavy loss by fire, their millinery store having been consumed in the last conflagration. They are energetic, however, and are determined not to permit this to interfere with their business. They expect to resume operations as soon as the temporary addition to the warehouse can be completed, and intend erecting on the former site a handsome and up-to-date building of brick or stone.

Imperfect Indigestion

Means less nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with bilious properties, the digestion becomes impaired and the bowels constipated. Herbine will rectify this; it gives tone to the stomach, liver and kidneys, strengthens the appetite, clears and improves the complexion, infuses new life and vigor to the whole system. 50 cents a bottle. Sold by W. M. Johnson.

Leaguers and Blossoms.

The members of the Junior Epworth League and Orange Blossom societies of the Methodist church were entertained at the hospitable home of Mrs. J. E. Futch, East Church street, from 3 to 5:30 o'clock Friday afternoon, and it is needless to add that the function was greatly enjoyed. The afternoon was passed in a manner appropriate to the occasion, the program being of a musical nature, interspersed with games. Those who attended spent a delightful afternoon, Mrs. Futch having retained her reputation as a clever hostess.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

A SAD DEATH.

Mrs. Rosa Waller Passed Away at Home of Her Brother.

Information reached this city Friday night of the death of Mrs. Rosa Waller of Spottsyvania Courthouse, Va., which sad event occurred at Rocky Point, where she was the guest of her brother, John S. Crown, Jr., at 3 o'clock in the afternoon.

The circumstances of this death were unusually sad. Mrs. Waller, who was a daughter of Mrs. J. S. Crown, Sr., was known here for many years as Rosa Crown. She was summoned about two weeks ago to the death-bed of her dear mother, and came for the purpose of attending the funeral, after which she was herself taken ill, and since that time she had been unable to travel, which accounts for the fact that she had not returned to her home. Notwithstanding that everything possible was done for her, her condition grew gradually more serious until death relieved her.

Deceased was about thirty-two years of age, and was well known in this section, where she was virtually reared. She is survived by a husband in Virginia, and the sad information was sent him by telegraph immediately after the death.

The funeral will be announced later. The interment will be in Evergreen cemetery, where Mrs. Waller will be laid beside her dear mother so recently deceased.

Pleasant and Most Effective.

T. J. Chambers, Editor Vindicator, Liberty, Texas, writes Dec. 25, 1902: "With pleasure and unsolicited by you, I bear testimony to the curative power of Ballard's Horehound Syrup. I have used it in my family and can cheerfully affirm it is the most effective and pleasantest remedy for coughs and colds I have ever used." 25c, 50c and $1.00. Sold by W. M. Johnson.

PROTECTED CROP SAFE.

Opinion of Growers is That Covered Lettuce Escaped Damage.

While it is admitted that the unprotected vegetable crop has been severely damaged by the late cold snap, it is believed that that portion of the crop protected by canvas cover will escape unhurt.

The principal crop now is lettuce, with an occasional cabbage farm. The greater part of the unprotected lettuce crop had matured and had been shipped, hence the damage will not amount to as much as was at first anticipated.

The cold wave struck this section at a most favorable time, the majority of the crops not having yet been sowed. Of course no time for a freeze might be considered a favorable time, but coming at this season considerable damage was averted on account of the crops having not been planted.

ALACHUA HAPPENINGS.

A Preacher Who Believes in Advertising—Other Notes of Interest.

Alachua, Jan. 27.—W. H. Seoley has returned from a visit to his wife's parents at Barney, Ga.

S. C. Dell spent Wednesday in Gainesville on business.

C. C. Withington and son, Bennie, who have been at Clearwater for some time, are at home again.

J. W. Dell has joined his wife at Wildwood.

Miss Marion Roberts has returned to Altoona, after a visit to her brother here.

Mr. Light of California was in the city Saturday greeting old friends.

Prof. DeLand spent Sunday in Gainesville with his parents.

It looks now like the next cotton crop in this section will be a big one. Guano and cotton plants are selling rapidly.

Rev. Mason preached two interesting sermons at the Methodist church Sunday morning and night. Rev. Mason seems to believe in advertising, for neat notices, printed on a typewriter, are put up on Saturday before each Sunday that he holds services, with the hour services will begin and his subject for the day.

W. E. Hilton, after an absence of several months, is back in Alachua, and is section forman on the old A. C. L. road. He will move his family here at an early date.

WILL GO TO SAVANNAH.

Paint Shops of the A. C. L. Will be Moved From High Springs.

It is rumored that the paint shops of the Atlantic Coast Line which have been located at High Springs for several years will be transferred to Savannah, and that instructions to this effect have been issued, the change being effective February 1.

This will include all first-class painters and finishers of passenger coaches. C. B. Hodges is foreman of this department, which comprises about half a dozen, all of whom it is understood will be transferred to the main shops of the company in Savannah. This will not in any wise effect the other departments of the shops, consequently the loss of the painting department will mean little to High Springs.

Rev. Carlisle P. B. Martin, L. L. D.,

Of Waverley, Texas, writes: "Of a morning, when first arising, I often find a troublesome collection of phlegm, which produces a cough, and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat or lung trouble." 25, 50c and $1.00. Sold by W. M. Johnson.

YARN SPINNERS TO MEET.

Will Hold Convention at Piedmont Hotel in Atlanta.

Knoxville, Tenn., Jan. 27.—A meeting of the hosiery cotton yarn spinners of the south has been called to convene at the Piedmont hotel in Atlanta, Ga., at 10 o'clock a. m., next Saturday, Jan. 28.—The purpose of the meeting is stated as being to consider matters of vital interest to the trade, this branch of the cotton industry in the south and also to discuss the advisability of a permanent organization.

Colonel L. D. Tyson, president of the Knoxville cotton mills, of this city, is among those extending the invitation to all spinners of the south to attend. Others are D. L. Lewis, of Sycamore mills, Sycamore, Ala.; W. A. Robinson, of the Adelaide mills, Anniston, Ala.; A. S. A. Carter, of the Gate City mills, Atlanta, and James F. Taylor, of the Kinston cotton mills, Kinston, N. C.

A large attendance is anticipated.

Hanged Himself in Cell.

Knoxville, Tenn., Jan. 27—John Chenault, of Chattanooga, committed suicide in his cell in the Knox county jail last night, by hanging himself with a sheet. Chenault was arrested Monday night on the charge of drunkenness, and he received a work-house sentence. It is believed that remorse over this affair caused him to take his own life. He came here Sunday to attend the funeral of Edward Hicks, who was killed Saturday by Clarence Lillard.

YOU MAY BE CURED

544 Garfield Avenue,
CHICAGO, ILL., October 9, 1902.

After doctoring for eleven months and taking forty-three bottles of medicine and finding no relief for leucorrhœa resulting from irritation of a fallen womb I took Wine of Cardui and fourteen bottles cured me. This seems strange but it is the simple truth. Wine of Cardui helped me from the time I began taking it and having heard it praised so highly by friends who had tried it I felt satisfied that it would help me, and it did. It cured me. Took every bit of ache, pain and headache, cramps and dragging down sensations away till I felt young, strong and happy once more. It is a wonderful medicine and a true friend to women. When I look back on the months of torture I had it seems like a hideous nightmare. Wine of Cardui will cure any woman I believe. I have more faith in it than all other medicines combined.

Frances Kingsley

Vice-Pres., Chicago Historical Club.

How can you refuse relief when you know you are growing worse day after day? Shooting pains, irregularity, inflammation and bearing down pains make thousands of women miserable. Why drag through life never enjoying anything? Wine of Cardui has made over 1,500,000 weak and suffering women well and strong. We ask you to go to your druggist today and secure a $1.00 bottle of Wine of Cardui and begin to take it at once. Do that and the health Mrs. Kingsley writes about will soon be yours. If you think special directions are needed in your case, address, giving symptoms, Ladies' Advisory Department, The Chattanooga Medicine Co., Chattanooga, Tenn.

H. C. Thomas, superintendent at Buttgenbach's mine near Dunnellon, was killed by a runaway tram car Tuesday afternoon. His remains were sent to his former home at Lydia, S. C., for burial.

Senator Martin Dodge, director of the office of roads inquiries, Washington, D. C., was in Jacksonville on Wednesday. He is well satisfied with the progress made on the sample road being built just north of Jacksonville, under the supervision of Government Expert John H. Dodge.

A stock company at Lake Butler, Bradford county, will raise Irish potatoes on an extensive scale. The soil is adapted to the production of this crop and the company will procure seed potatoes of the best grades for planting. The scheme is a good one as the growers need have no fear of frost.

The marriage of Miss Gertrude Peyser, only daughter of Mr. and Mrs. Chas. Peyser of Ocala, to Mr. Bernard Seligman of Columbus, Ga., at the home of the bride's parents on Wednesday, was one of the brilliant events of the season. Over 150 congratulatory telegrams were received by the happy couple.

If the Baby is Cutting Teeth

WILL BUY A LOT.

Stringfellow and Livingston Went to Alachua for That Purpose.

F. B. Stringfellow of Jacksonville and R. B. Livingston of this city, members of the Diamond Ice Company, went Thursday to Alachua for the purpose of arranging for the purchase of a lot upon which to construct the proposed new ice factory.

While the Atlantic Coast Line or Seaboard Air Line railroads are willing to leave sufficient land to the Diamond Ice Company for the erection of this plant, together with all necessary space for carrying on the business, the company prefers to purchase a lot outright, and will do so if a desirable location can be found at a reasonable price.

Mr. Stringfellow stated prior to his departure that it had been decided to install a fifteen-ton machine, instead of a ten-ton, as was originally planned. The order has been placed with a Columbus, Ga., firm, and the machinery will be shipped as soon as possible. The work upon the building will begin as soon as material can be placed upon the ground, and the new plant will be in line working order before the beginning of the summer.

The Diamond Ice Company are doing everything possible to meet the demand, and the people will no doubt appreciate their efforts.

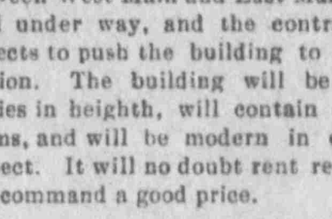
Greatly in Demand.

Nothing is more in demand than a medicine which meets modern requirements for a blood system cleanser, such as Dr. King's New Life Pills. They are just what you need to cure stomach and liver troubles. Try them. At all druggists. 25c, guaranteed.

SATURDAY WILL POSITIVELY BE DR. GOLDSTEIN'S LAST DAY IN GAINESVILLE.

IS HERE AND WILL REMAIN UNTIL THE 28TH—EXAMINATION AND CONSULTATION FREE.

Dr. G. Goldstein of Louisville, who is well known by the people of Gainesville and vicinity, has arrived in the city and will be located at the Brown House Parlors the balance of the present week. He will fit glasses to the eyes of those who need them.



He has made the study of optics a specialty, and anyone in need of glasses cannot do better than give him a call. Parents of children whose eyes are in any way affected should take them to Dr. Goldstein and have them examined. Too much care cannot be taken in this particular, as any neglect on the part of the parents may lead to most serious consequences in after-life. If the eyes of the child need glasses the Doctor can determine it and adjust such glasses as will be the most apt to preserve and increase their strength. The Doctor has been giving satisfaction for many years, and we can recommend him as worthy the patronage of the public. Those suffering with their eyes should call on him, and if he doesn't give relief it will not cost them anything. He can adjust to any eyes and any age. A good glass rightly adjusted is a luxury to a person with failing sight; they can ill afford to do without. A glass imperfectly adjusted is worse than no glass.

NEWS OF CITY AND COUNTY CONDENSED

The work on the new building of Miss Eva Haile, East Orange street, between West Main and East Main, is well under way, and the contractor expects to push the building to completion. The building will be two stories in heighth, will contain eight rooms, and will be modern in every respect. It will no doubt rent readily and command a good price.

His Honor Judge Mason, county judge, complains that business is rather dull in his office at present, and good-naturedly declares if it was not for an occasional marriage license he would be compelled to "stand off" the grocer. The Judge yesterday issued licenses to Chas. Shepherd and Callie Charles, Prince Johnson and Emma Wilson, all colored. Here's luck to the whole business.

Officers on Trial for Murder.

Tuskegee, Ala., Jan. 27.—John Conners, sheriff of Macon county; George Lamar, a deputy sheriff, and S. Y. Taylor, town marshal of Tuskegee, were arraigned today on warrants alleging the murder of Robert and James McBryde, brothers who were killed in this city by the officers Monday of last week.

A Serious Mistake.

It is a serious thing to neglect your heart.

The moment you detect any weakness or irregularity, such as short breath after exercise, palpitation, fluttering, weak or hungry spells, pain in breast, side or shoulder, or uneasiness when lying on left side, you should take Dr. Miles' Heart Cure; it rarely ever fails to relieve all these symptoms.

If not promptly restored, chronic heart disease soon develops, and then it only remains for some sudden strain to completely exhaust the heart.

Thousands of hopeless cases have been cured, and if you do not try it, it will be the greatest mistake of your life.

"When I began taking Dr. Miles' Remedies I was in a very bad condition. I had stomach trouble, with severe distress after eating. My heart hurt me, and I had shortness of breath, palpitation. My pulse was irregular, and my feet, ankles and hands were swollen. Every month at regular periods I had severe pain. I wrote Dr. Miles' Medical Co., and they advised me to take Dr. Miles' Restorative Nervine and Heart Cure. I soon noticed an improvement, and I continued the medicine until I was completely cured. I feel like a different person. In fact I have not felt so well for 26 years."

MRS. ALEXANDER WILSON, 2006 Elgrace St., Richmond, Va.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

In no country is the life of women more pathetic than in Korea, where it might be termed imprisonment with hard labor from the age of seven until death. RAILROAD RATES.

This question is largely the topic of discussion throughout the nation, and it is a vital question from which arise many issues that are now being discussed pro and con. The President of the United States has had the backbone to say that the rates should be regulated, and has suggested a way by which he thinks this regulation may be arrived at.

It is apparent that the proper mode to arrive at the solution of this question, so vital to every other interest, has not been, so far as our knowledge goes, advocated. It has been time and again stated that none of the railroads are without over-capitalization, and here comes in the great question. We find that Poor, in his railroad manual, has placed the average cost of the building and equipping of the railroads at $30,000 per mile, and that the average amount of bonds and stocks to which they are capitalized at $50,000 or over. With this condition existing it is too well established that those who contribute in any way to the income of a railroad, and everybody is forced thus to do, must necessarily pay a rate at least three times as great as is just and right, as the rate charged must of necessity be enough to pay an income on the additional capitalization. Thus we see that on a railrond whose bonds and stocks bear a rate of interest, say for instance five per cent, the people pay on the actual cost of the railroad fifteen per cent instead of the five per cent, as it should be, in order to fully compensate the holders of the bonds and stocks.

It is easy to figure out the great burden and tax upon the necessities of life. We can take any commodity whatever and find what the rate is for which a charge is made, and deduct from the same two-thirds of the amount paid, and then find the rate that should be paid. The discrimination and blotting out of all watered stocks and the establishment of a rate sufficient to pay, after deducting the expenses of operation and on allowance of the rate of interest due on the bonds and stocks equal in amount to the actual cost of the road, will quickly settle the whole controversy over railroad rates.

The American Federation of Labor is sending out circulars broadcast over the country warning union men to stay away from Panama unless they have a contract before starting, branding as a canard the statements that the work there will be easy and the wages above normal. On the contrary, it is declared that the work will be hard and the wages below the recognized union scale. The Federation could and ought to give a better reason still to deter labor from the States going to Panama. The climate is so deadly that abundant experience has shown that no white laborer can work and live in it six months at a stretch. The only laborer who can live and thrive on the isthmus are Jamaica negroes.

If the time spent in talking good roads were put into actual work, there would be no complaint regarding the highways of the country. It is apparent to all that good wagon roads are as essential as good railroads, as ninety per cent of the products that are shipped by rail have to be drawn on wagons and trucks to the railroad. The question has been discussed enough. Action is necessary, and not until some action is taken will the roads be improved.

Etiquette is a beneficient invention that enables naturally disagreeable people to live with one another without coming to blows.

It is impossible for a man to forget that he is a gentleman if he never was one.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O.

Sold by druggists, 75c.

NOTES AND COMMENTS

If Congress fixes the railroad rates it will be plain to all that the railroads didn't fix Congress.

The Japs seem to be well satisfied to let the Russians kill each other for a short time during the winter months.

While Congress is studying up what to do, or what not to do, it might be doing up a few packages of seeds to send out for spring gardens.

People who would like to borrow trouble should apply to the Czar of Russia, as soon as he gets located in his new quarters. He has trouble to burn.

The Czar may declare a state of siege, if he can only find a place about St. Petersburg where it is quiet enough to be heard while dictating the document to an amenuensis.

Eliner J. Burkett, the new United States Senator from Nebraska, must have accumulated wealth rapidly. He is only thirty-seven years old and a member of the millionaires' club.

Governor Douglas of Massachusetts is the fourth Democratic executive elected in fifty years. He is a man of the people, and settled the cotton mill stirike shortly after elected, which had been on six months. Keep your eye on Douglas.

There is one thing certain: the soil of Florida is so varied that farmers are not restricted to raising only a few crops. If citrus fruits and strawberries connot be produced, there is no limit to the sweet and Irish potato crops, as well as corn.

The persons who pay little or nothing for the papers they read, should take warning from the man who was seen leaving the home of a neighbor just as the husband was returning from a hunt. He fired two charges of shot into the anatomy of the man who had only come over to borrow the paper. The litigation which followed cost $100. Better pay for your reading.

A Tramp's Problem.

A tramp having found a hen's feather in his travels about the city kept it until night, when he carefully placed it on the pavement in a back alley and slept upon it. Awaking next morning and looking scornfully upon the bit of down, he exclaimed: "Gee whiz! If one feather is as hard to sleep on as that, what must a whole bed'ful be?"

What's in a Name.

"Maybe I have an ugly color, as you say," said the carrot to the beet, "but when I am gone I hope some one may say a good word for me. It seems to me a dead carrot has a better chance for respect than a dead beet." And the beet turned even redder in the face and had nothing more to say.

REV. J. N. PARKER.

Rev. J. N. Parker, Utica, N. Y., writes: "In June, 1901, I lost my sense of hearing entirely. My hearing had been somewhat impaired for several years, but not so much affected but that I could hold converse with my friends; but in June, 1901, my sense of hearing left me so that I could hear no sound whatever. I was also troubled with rheumatic pains in my limbs.

"I commenced taking Peruna and now my hearing is restored as good as it was prior to June, 1901. My rheumatic pains are all gone. I cannot speak too highly of Peruna, and now when eighty-eight years old can say it has invigorated my whole system.

Strong and Vigorous At the Age of Eighty-eight Years.

"I cannot but think, dear Doctor, that you must feel very thankful to the All-loving Father that you have been permitted to live, and by your skill be such a blessing as you have been to suffering humanity."—J. N. Parker.

In old age the mucous membranes become thickened and partly lose their function. Peruna corrects all this by its specific operation on all the mucous membranes of the body.

A Pleasure to Endorse Pe-ru-na.

Rev. Chas. Leander, pastor First Spiritual Society of San Francisco, writes from 311 Turk street, San Francisco, Cal., as follows:

"It is with pleasure that I give my endorsement of Peruna. My experience has been very satisfactory from its use, and I do firmly believe that it is the best known remedy for catarrh in all its different forms."—Chas. Leander.

No other physician in the world has received such a volume of enthusiastic letters of thanks as Dr. Hartman for Peruna.

ROAD MACHINERY NOW EN ROUTE

Has Been Shipped From Beaver Dam, Va., and Expected Daily.

WILL COME VIA A. C. L

Appreciating the Energy Displayed by Alachua County People Upon Good Roads Question, That System Will Transport Machinery Free.

The road building machinery of the United States government is now en route to Gainesville, and is expected here daily.

Information has been received at the office of the Atlantic Coast Line to the effect that two carloads of machinery have been billed from Beaver Dam, Va., to Gainesville. This machinery comprises engine, cars and other things necessary in the construction of roads, and as soon as it arrives it is anticipated that work will begin.

The Atlantic Coast Line railroad, evidently appreciating the energy displayed by the people of Gainesville and Alachua county on the subject of hard roads, and being desirous of assisting the movement as much as possible, is transporting this machinery absolutely free of charge. It was a generous proposition on the part of the railroad, and goes as evidence that the road may be depended upon to cooperate with the people in the construction of better roads. The management realizes that, instead of a detriment, as had been suggested, the construction and maintenance of good roads will prove a big advantage. It will enable the farmer to haul more of his products for shipment, which means naturally a more rapid mode of filling cars of truck and fruit for shipment to the Northern markets. It means a more rapid movement, which will enable the railroads to handle a greater number of cars in a shorter length of time.

The object lesson road will be constructed under the personal direction of Expert W. L. Spoon, to whom the machinery is consigned. As has been stated before, no route has been selected, but it is more than likely that the North Gainesville-Paradise road will receive the benefit.

PARK'S BIG STOCK CO.

Entertained the Brothers of the Local Elks Lodge.

One of the various happy occasions that come to the lot of the average man of busy life, and which serve to send him happy along the way, was the special session of the Elks lodge last evening, given in honor of C. W. Park's Big Stock Company of stars, who delighted the patrons of the opera house under canvas a few hours previous. Before the jollity commenced a banquet was served, at the conclusion of which the party adjourned to the lodge rooms and was entertained by music, song and story by the sons of the aggregation and local and visiting brethren. C. W. Park presided as toastmaster in his usual modest and felicitous manner, and did much to add to the ease of enjoyment of the guests.—Cincinnati Enquirer, Nov. 10, 1904.

A Grim Tragedy

Is daily enacted in thousands of homes, as death claims, in each one, another victim of consumption or pneumonia. But when coughs and colds are properly treated, the tragedy is averted. F. G. Huntley of Oakland, Ind., writes: "My wife had the consumption, three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, coughs and colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and $1.00 by all druggists. Trial bottles free.

After enumerating the many improvements at Ocala within the past year, The Banner says: "If given equal freight rates, Ocala will make the fight to become the Atlanta of Florida."

CARD FROM MR. JAMES.

Says J. & S.-W. Terminal Will be Perry Instead of Deadman's Bay.

Writing from Donnie under date of the 25th inst., A. R. James, resident engineer of the extension of the Jacksonville and Southwestern railroad, has the following to say:

"I would like to make a statement through your columns regarding the terminus of the extension now under construction of the Jacksonville & Southwestern railroad.

"Several notices have appeared in the Gainesville papers about the road and without exception have designated the terminus as Deadman's Bay. As a matter of fact the road runs eight to ten miles to the north of the bay, and the terminus will be Perry. The road skirts the southern end of Horse Prairie, goes through Pumpkin Swamp and crosses the Steinhatchee River about a mile above the Natural Bridge.

"All that has been said about the excellent timber land is perfectly correct. As your paper is widely read throughout the county, its statements to the readers have hitherto collided with those we have made, and has a corresponding effect on their actions toward us."

STOCK GROWERS' MEETING.

Reduced Rates to All Florida Visitors by Various Railroads.

The meeting of the Southeastern Stock Growers' Association, to be held in Tampa, at the Tampa Bay Hotel Casino, February 1, should be attended by all stock growers who can find the time to be present. An interesting program has been prepared, and one of the principal objects of the gathering is to advance the interests of stock growers for their protection against law-breakers; also to encourage the improvement of stock by introducing the best breeds, and to get acquainted.

The Southeastern Passenger Association has made a rate of one and one-third fares, plus 25 cents, for the round trip to Florida visitors. Tickets on sale January 30 and 31, return limit being February 3. Tickets for return must be signed by the secretary of the association, February 1. These tickets will be good for women and children as well.

PHIFER-CORPEW.

Marriage of Two Popular Young People at Melrose Tuesday.

There was a happy marriage at Melrose Tuesday, the contracting parties being Marvin S. Phifer of High Springs and Miss Nellie M. Corpew of that place.

The ceremony was performed by Rev. Mr. Sistrunk, the Methodist minister, in the presence of a number of friends.

Mr. and Mrs. Phifer will make a tour of the East Coast, stopping here on their return to High Springs, where they will be the guests of the groom's parents, Mr. and Mrs. Phifer.

Mr. Phifer is a valued employe of the New York Racket at High Springs, being head clerk. He is a young man very popular among those who know him, and naturally will be showered with congratulations upon his return there.

Cured Lumbago.

A. B. Canman, Chicago, writes March 4, 1903: "Having been troubled with lumbago at different times and tried one physician after another; then different ointments and liniments, gave it up altogether. So I tried once more, and got a bottle of Ballard's Snow Liniment, which gave me almost instant relief. I can cheerfully recommend it, and will add my name to your list of former soldiers." 25c, 50c and $1. Sold by W. M. Johnson.

A Special Meeting.

A special meeting of Colfax Rebekah Lodge, I. O. O. F., was held at the lodge room Thursday evening, and was well attended. The purpose of this meeting was to perfect arrangements for the supper and entertainment which is to be given by the lodge at a later date, and it is gratifying to announce that a liberal response was made for donations.

The Rebekah degree of the Odd Fellows are expecting a team here during the session of the Grand Lodge, which will be held in March. The members of this lodge must bear the expense of this meeting, and the proceeds of the supper will be used to defray the expense.

There is no doubt but that the people of Gainesville will lend every possible assistance to this venture, and that the supper will be well patronized.

Fire at Birmingham.

Birmingham, Ala., Jan. 27.—Fire on Wednesday caused damage amounting to $40,000 on the big wholesale warehouse and machinery establishment of the Crane company, in this city, and the unusual spectacle was witnessed in Birmingham of water freezing as fast as it struck the building. Charles Wade, a fireman, was seriously injured by falling timbers.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

ROBBER HELD UP RESTAURANT.

$700 In Money and a Gold Watch Were Stolen.

Los Angeles, Cal., Jan. 27.—Two masked men held up the Beaumont resaurant at the corner of Fifth and Main streets early this morning taking about $700 in money from the cash register, a gold watch of the proprietor, fired three shots to frighten the guests and made their escape.

They wore handkerchief masks and carried revolvers in their hands.

While one of them drove the waiters and cooks into the second story, the second stood up the manager of the place, took his watch and then rifled the register. A number of guests were in the place, but they fled in every direction

Many people were on the street and to frighten them the robbers fired three shots and disappeared into a dark street.

TRAIN STUCK IN SNOW DRIFT.

The Famous Twentieth Century Limited Caught in Storm.

New York, Jan. 27.—Among the trains stalled on the New York Central railroad is the Twentieth Century limited, due in Chicago this morning.

The train is stuck in the drifts near Irvington, about 50 men and women aboard, who will not be able to communicate with the outer world until 500 workmen sent from New York can clear the tracks.

The passengers will have plenty of light and heat and there is a well stocked dining car attached. For several hours after the train left New York the dispatchers completely lost track of it. A member of the crew succeeded in reaching a telephone late at night and sent a message to Tarrytown telling of the dilemma.

Snow was drifting in about the train every minute, he said.

FILIPINOS ON WARPATH.

Capture Wife and Children of Ex-Governor Trias.

Manila, Jan. 27.—In response to the request of Governor Benjamin Wright, General Corbin will send to the province of Cavite, the Third troop of the Second cavalry under command of Major F. B. Sibley, to assist the consular forces now fighting with Ladrones near Siang. Later advices place the number of Ladrones at 300. The fighting continues.

The leaders of thte band of Ladrones which recently attacked the town of San Francisco de Melabon and captured the wife and two children of former Governor Trias now demands a raosom for the release of the captives.

Kentucky Town Suffers by Fire.

Mount Sterling, Ky., Jan. 27.—Fire, which broke out early today in Stockton's tailoring establishment, destroyed Enoch's Bargain house, Mrs. R. E. L. Biggerstaff's business house, the Masonic temple, Oldham Bros.' dry good house, and damaged the Mount Sterling national bank, the Watson Lodge of Odd Fellows and the A. O. U. W. lodge. The Red Men lost all their paraphernalia. The loss is estimated at $100,000, believed to be fully insured.

Florida Flyer Is Wrecked.

Augusta, Ga., Jan. 27.—The Atlantic flyer was wrecked near the city limits tonight. The heavy tourist train was struck by some freight cars using an intersecting track, turning one coach over, but doing only minor damage to the passenger coaches. The conductor and two negro passengers in the baggage car did not have time to jump and went over with the car. All were bruised, but not seriously hurt. This was the second trip of the train which connects Augusta with the Florida resorts.

Death From Runaway Accident.

Houston, Tex., Jan. 27.—Clarence Hough, president of the Century Furniture company, of Michigan, died here as a result of injuries received in a runaway accident Nov. 28. The remains were taken to Beaumont, embalmed and shipped to Grand Rapids for interment. He owned extensive lands in East Texas and was reputed to be a millionaire. The body was accompanied by his brother, wife and child.

Croker's Body Arrives in Gotham.

New York, Jan. 27.—The body of Frank Croker, son of Richard Croker, who died as a result of an automobile accident at Ormond, Fla., reached this city today. Accompanying the body was the dead man's mother and other members of his family. A commission appointed by the Democratic club met the body and escorted it to the family residence in East Seventy-fourth street.

SOLON OF ATHENS.

His Definition of the Most Perfect Form of Government.

"What is the most perfect form of government?" was once propounded at the court of Periander, king of Corinth, one of the seven wise men of Greece. His six fellows were present, and of them Bias answered first, giving as his opinion, "Where the laws have no superior." Thales of Miletus, the great astronomer, declared, "Where the people are neither too rich nor too poor."

In his turn said Anacharsis, the Scythian, "Where virtue is honored and vice detested." Said Pittacus of Mitylene, "Where dignities are always conferred upon the virtuous and never upon the base." Said Cleobulus, "Where the citizens fear blame more than punishment." Said Chilo, the Spartan, "Where the laws are more regarded than the orators."

The last to reply was the youngest but wisest of them all, Solon of Athens, who said, "Where an injury done to the meanest subject is an insult to the whole community."—London Telegraph.

His Glasses.

He was wearing his first pair of glasses, and at first they afforded great relief, but at the end of a month there was a retrogression. Somehow, polish the lens as he would, the vision appeared to be weaker. So he went back to his oculist and said he thought the glasses "weren't strong enough."

The oculist stepped aside for a minute, then handed his customer what apparently was another pair. Trying them drew forth the exclamation:

"Why, these are much better! I can see now as well as when I first wore my glasses."

Then he was initiated into one of the little secrets of the trade. The oculist had merely cleansed each lens with a little soap and water.—New York Post.

Developed Genius.

Lady—Do you think that your inventive genius was hereditary or developed? Inventor—I owe it all to my dear wife. When we were first married I used to stay late at the club, and my wife cross questioned me severely whenever I came home late. The necessity of inventing fresh excuses taxed me to the utmost, and this faculty became so abnormally developed that as soon as I turned it to business account I made a fortune with ease.

Spoiled Her Beauty,

Harriet Howard of 209 W. 35th St., New York, at one time had her beauty spoiled with skin trouble. She writes: "I had salt rheum, or eczema, for years, but nothing would cure it, until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores. Twenty-five cents at all druggists.

No Longer on the Map.

"What makes you so late?" asked Tim's father, who in the boy's absence had had to see to the evening chores himself.

"Teacher kept me in."

"What for?"

"'Cause I couldn't find Moscow on the map."

"Couldn't find Moscow? And I'd like to know who could, then! Why, I remember hearing tell of Moscow being burned when I was a boy! It's an outrage to put such nonsensical questions to children what's there to learn something useful. I'll look into that and let yer teacher know I ain't been elected on the school board for nothing!"—London Globe.

Ingenious.

"Jimmy," said the teacher after reading the youngster's "note from his father" excusing Jimmy's absence from school the day before, "it seems to me your father's writing is very much like yours."

"Yes," replied Jimmy, unabashed, "father ain't had no education, and I'm learnin' him."

TWO DEATHS RESULT OF DUEL

An Officer and Negro Have Difficulty Which Ends Fatally.

Waycross, Ga., Jan. 27.—At Douglas, in Coffee county, Wednesday night Constable J. H. Moore shot and instantly killed a negro and was himself killed, his death occurring a few minutes after being shot. The negro resided several miles out from Douglas and was in town on a visit. Constable Moore had a warrant for the negro's arrest for failure to pay road tax. He attempted to make the arrest, when the negro grabbed the constable's gun, at the same time drawing a revolver. The constable at once jerked the gun away and fired both barrels at the negro. The latter returned the fire, and one bullet lodged in the constable's brain.

The shooting occurred near the Atlantic and Birmingham railroad depot and before help arrived both the negro and Moore was dead. Moore was elected constable only a few days ago. He leaves a wife and four children.

MAN ACCIDENTALLY KILLED.

Was Clubbing Negro with Gun When It Exploded.

Tifton, Ga., Jan. 27.—W. D. Ratcliff, a woodsman employed by Lewis Robinson & Co., at Cecil, in this county, was killed by accident. With a force of hands he was having the corners of the fence around a large plantation, belonging to the firm, cleared out and among the hands was one negro who had brought along an old musket. Ratcliff remonstrated with the negro about his work, and finally seized the musket and jerked it away from him, clubbing the weapon and striking the negro over the head with it. As he struck the negro with the stock, the weapon fired and the muzzle being only a few inches from Ratcliff's abdomen, the entire charge entered his body, about an inch and a half below the lower left rib.

Mr. Ratcliff walked a mile to a buggy and was carried home.

The accident occurred about 3 o'clock in the morning, and he died about 3 o'clock in the afternoon.

BOY BURNS TO DEATH.

Two Others Badly Injured as the Result of Playing with Powder.

Anniston, Ala., Jan. 27.—One boy is dead and two are seriously injured as a result of an accident Sunday on the Hadden place, 2 miles west of Alexandra. One of the number, Ike Broom, died this morning at 9 o'clock, and his 8-year-old brother, Colonel Broom, is not expected to live.

The face and hands of a boy by the name of Baker is badly but not seriously burned. There were three boys in the party. They were around a big fire in a field and were sprinkling powder over when the clothes of Ike Broom, aged 17, were ignited. The other boys rushed to his assistance and caught fire. The boys so badly burned are sons of William Broom.

They had found a keg of blasting powder and filled their pockets with the explosive.

Sickening Shivering Fits

Of ague and malaria can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to quinine, having none of this drug's bad after effects. E. S. Mundy of Henrietta, Tex., writes: "My brother was very low with malaria fever and jaundice, till he took Electric Bitters, which saved his life. At all druggists. Price 50c, guaranteed.

READ THIS.

Ripley, Tenn., June 1, 1901.

Dr. E. W. Hall, St. Louis Mo.—Dear Sir: Having tried various remedies without satisfactory results, I was persuaded to give your "Texas Wonder" a trial. I have used one bottle, and although my case is one of long standing that baffled the skill of the best physician, yet it yielded at once to "The Texas Wonder," which I heartily recommend to all suffering from kidney and bladder troubles.

Yours truly,
W. H. BRUTON,
Pastor Baptist Church, Ripley, Tenn.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

Insure with Cushman & Hill.

Mesdames Lizzie Howell and Ola Holmes have returned to their home in Palatka, after a pleasant visit to friends here.

Rev. S. W. Colson, a prominent citizen of Jennings Lake, after a brief but pleasant visit to relatives here, has returned to his home.

Hon. Henry S. Chubb, receiver of the United States land office, has returned from a pleasant visit to his family at Winter Park.

Mrs. W. S. Terry of Spellman, Ga., who has been here for several days as the guest of Mr. and Mrs. L. J. Clyatt, has returned to her home.

Carter & Anderson offer today, bean-fed beef, sliced ham, head cheese, Fulton Market beef, pigs' feet and mackeral at their market, opera house corner.

J. W. Patton has returned from the West End, where he has been surveying for Michigan parties for the past few days. Mr. Patton states that the people of the West End are prosperous, and that everyone desiring to work has a position of some kind.

The Seventh Day Adventists continue to hold meetings at the North Gainesville Hall, and these meetings are largely attended every night. Elders Chrisler and Killen of Orlando, who are conducting the meetings, are interesting and impressive talkers, and the congregation is growing daily. The family of Elder Killen have arrived in this city and will make Gainesville their future home.

J. S. Bodiford & Co., the druggists, are up-to-date when it comes to doing business. Dr. Bodiford, without any joke, is a clever fellow, and is as original as he is clever. Thursday the Doctor placed a sign on the door which read: "Come in; we have a red hot stove." It is needless to add that he had to undergo the trial of entertaining a crowd of "good fellows" during the day—but Dr. Bodiford does not object to this.

W. G. West of New Orleans, the clever traveling salesman for the Whitney & Sloo Company, limited, harness and saddlery, after a couple of days spent in this city in the interest of his firm, departed yesterday for Live Oak. Mr. West is one of those good-natured fellows who makes friends wherever he goes, and enjoys a fine trade throughout his territory.

Dr. Sanderson of Uniontown, Pa., who is spending the winter here, has returned from Daytona, where he attended the opening automobile races. He states that excitement was running high, each automobile enthusiast having his preference of machine. He has written his home papers a very interesting sketch of the races, in which he told them he had seen the world's record broken—a mile in thirty-four and two-fifth seconds. This was accomplished on the opening day.

A patent medicine show of rather a local nature has arrived in the city, and began yesterday its performances on the northwest corner of the square. It is an effort of the Florida Herbal Company of Jacksonville to advertise its products, which is done in the nature of a minstrel show, followed by an advertising spiel. The show yesterday attracted a great many, who enjoyed the performance of the trio of negroes and learned something new about Florida's possibilities in the production of medicine.
